FOR IMMEDIATE RELEASE

ANDROSCOGGIN HEAD START CHILDREN SEE, TOUCH LIVE LOBSTERS

Lewiston, ME (August 2, 2007) – Children in Androscoggin Head Start and Child Care’s Coburn classrooms recently had the chance to see and touch a live lobster. The Lobster Pound, located in Naples, donated two soft-shell lobsters to the full day, full year pre-school and child care classrooms. The children, ages three to five, were encouraged to touch the lobsters, and were taught by their teachers about the anatomy of a lobster. For more information about Androscoggin Head Start and Child Care, please call 795-4040 or www.AndroKids.com.

Photo Attachment: Head Start children Gabriel C. (front) and Conner V. (back), both age 4, check out one of the lobsters donated by The Lobster Pound in Naples
